4 JULY 2018 · כ"א תמוז תשע"ח

BELIEVE. ACHIEVE. SUCCEED.

ברוכים הבאים

Welcome

TO THE

5<sup>TH</sup> ANNUAL  
EVENT

ב"א תמוז תשע"ח · 4 JULY 2018

ON BEHALF OF MY FELLOW TRUSTEES AND THE EVENT COMMITTEE, I HAVE GREAT PLEASURE IN WELCOMING YOU ALL THIS EVENING.

IT IS EXTREMELY HEART WARMING TO SEE HOW MANY PEOPLE FROM ACROSS THE COMMUNITY HAVE BOTH ADVERTISED IN THE BROCHURE AND MADE THE EFFORT TO ATTEND THIS EVENING'S EVENT.

AFTER YEARS OF FRUSTRATION WITH A LACK OF SUITABLE PROVISION FOR SUPPORTING THE EDUCATIONAL NEEDS OF YOUNG CHILDREN, LEGADEL WAS ESTABLISHED IN 2012 WITH THE EXPRESS AIM OF HELPING EVERY CHILD ACHIEVE THEIR MAXIMUM POTENTIAL AND ENJOY THEIR YEARS IN SCHOOL.

WITH TREMENDOUS SIYATA D'SHMAYA, AND FOLLOWING YEARS OF DISCUSSION WITH LEADING PROFESSIONALS AND MECHANCHIM LEGADEL STARTED WITH A PILOT PROJECT IN JUST TWO SCHOOLS. I AM DELIGHTED THAT WE ARE NOW IN ELEVEN SCHOOLS.

OUR VISION IS TO EXTEND LEGADEL TO ALL SCHOOLS IN THE COMMUNITY, AND YOUR PRESENCE AT TONIGHT'S EVENT WILL HELP US TO REALISE THAT FUTURE DREAM.

I WOULD LIKE TO PAY TRIBUTE TO THE LEGENDARY YOELI SCHWARTZ TOGETHER WITH ALL THE INCREDIBLY DEDICATED TRUSTEES FOR THEIR VISION AND OUTSTANDING WORK THEY PUT INTO LEGADEL. I MUST ALSO PAY TRIBUTE TO DAVID ROTH, FAIGY GROSS, SHARONIE MELAVSKY, DANIELLA SPECTOR AND ALL THE AMAZING TEAM WHO WORK TIRELESSLY ON BEHALF OF LEGADEL. I ALSO PAY TRIBUTE TO THE OUTSTANDING PROFESSIONAL TEAM, BOTH THERAPISTS AND KEYWORKERS WHO WORK FOR LEGADEL AND HAVE ENSURED THAT IN SUCH A SHORT TIME WE HAVE BECOME A HOUSEHOLD NAME WITHIN NORTH WEST LONDON AND HAVE ASSISTED SO MANY CHILDREN. YOU CAN ALL BE EXTREMELY PROUD OF WHAT YOU HAVE ACHIEVED.

I EXTEND MY THANKS TO THE INCREDIBLE EVENTS COMMITTEE LED BY THE INDEFATIGABLE ELI STERNLICHT WHO HAVE ONCE AGAIN WORKED TIRELESSLY TO MAKE THIS EVENT SUCH A SUCCESS, IT HAS BEEN AN ABSOLUTE PLEASURE WORKING WITH EACH AND EVERY ONE OF YOU. I ALSO THANK ALL OUR SUPPORTERS WHO HAVE TAKEN ADVERTISING AND SENT WARM WISHES IN THE BROCHURE.

THANK YOU TO EACH AND EVERY ONE OF YOU FOR SUPPORTING LEGADEL AND I HOPE YOU ALL HAVE A WONDERFUL EVENING AND ARE INSPIRED TO CONTINUE SUPPORTING THIS VITAL CAUSE.

BEST WISHES

TRUE FRIEND OF LEGADEL**

Dear Friends, ה"ו

Thank you for expressing your support for Legadel. As we enter the three week period, we are aware that we are not only mourning the collective unfulfilled potential of Klal Yisroel & the related sufferings we have endured as a nation resulting from the חורבן ביהמ"ק but in fact we are mourning the unfulfilled potential of each and every one of us.

Yirmyahu Hanovi laments in Eicha (4,1) תשתכנה אבני קדש בראש כל חוצות which literally means the holy stones of the destroyed Beis Hamikdosh are scattered in the streets. However, Rashi interprets the 'holy stones' to be a reference to children who sparkle like diamonds בני המאירים כאבנים טובות reflecting how the essence of the Churban Beis Hamikdosh is mirrored in each child who in the time of the Beis Hamikdosh sparkled like a diamond but now in Golus has lost their sense of worth and are scattered in the streets. Unfortunately, we are all painfully aware of how many scattered diamonds there are in our times - metaphorically 'scattered' – unfocused and unfulfilled and ending up רח"ל out in the streets.

Legadel's mission statement is to provide an early intervention scheme through the supportive framework it provides to schools. At Legadel we have a team of dedicated and professional staff who have made it their mission to literally pick up any diamond which has slipped out of place – providing support with commitment & dignity to any child identified at risk of falling through the cracks of the system. BH through intensive input, Legadel have been successful in restoring each child's sense of worth & sparkle. With this early intervention plan, each child can continue beH with confidence through the future phases of their development.

Tonight's theme is 'Believe. Achieve. Succeed' which underpins Legadel's work for all the children of our Community - believing in all our precious children – giving them the chance to consolidate their core skills so that they Bezras Hashem achieve across all aspects of their development with optimal success. We thank you for taking your part in supporting Legadel's vision in becoming reality! In the merit of your support may we see in these days Hashem restore Klal Yisroel's 'sparkle' to be מאירים כאבנים טובות & fulfil our full potential בבנין ביהמ"ק והרמת קרן ישראל במהרה

In admiration,

*Rabbi Dr David Roth*

*Child & Educational Psychologist*

## Dear Friends,

Welcome and thank you all for coming to join us at Legadel's 5th Annual event.

BH this year Legadel has been able to continue to support and help make a huge impact in the schools we are working with. We owe a big Thank you to all the parents and Schools, particularly the SENCO's who are backing their children, advocating for them and ensuring they get the help they need.

In last week's sedra Parshas Balak, a reference is made to the mountains and hills which Bilaam stood on.

For from their beginning, I see them as mountain peaks, and I behold them as hills; it is a nation that will dwell alone, and will not be reckoned among the nations. בִּי מֵרֵאשׁ צְרִים אֶרְאֶנּוּ וּמִגְבְּעוֹת אֲשׁוּרֵנּוּ  
הוּא עַם לְבָדֵד יֹשֵׁב וּבְגוֹיִם לֹא יִתְחַשֵּׁב

Rashi explains that the "mountains" and "hills" allude to the foundations of the Jewish people, the Ovos and Imahos, we are built from strong foundations and therefore can never be destroyed.

This concept of firm and stable foundations is a theme that resonated strongly throughout Legadel. Legadel was intentionally set up to support children in their early years ensuring that any struggles or difficulties a child may be experiencing whilst young can be addressed so that they don't linger. The aim is to help a child develop and have strong foundations that can then be built on in further years. In order to create solid foundations we provide OT, SALT, Physio, Literacy, Numeracy and Kriah. Supporting a child whilst they are still young, allows them to increase their skills and confidence in order for them to thrive and become independent in the future.

This year like every year we would like to publicly thank all our therapist and Key workers who see their role as much more than a job! We would like to thank them for their professionalism and their love, care and dedication for each child.

With your generosity and support we hope we can continue to help all our precious children and ensure that no child is left behind.

**Sharonie Melavsky** and **Daniella Spector**

## Legadel.

Legadel was founded in 2012 by a group of young parents with first-hand experience of children for whom school is challenging. A child with significant learning disabilities or special needs will have been diagnosed, if not before they start school, then almost certainly by the time they reach Reception. However, a child with an auditory or visual processing issue will not be recognised as needing extra help until they start to fall behind in class, or become disruptive. It is easy for a child in this situation to fall through the cracks, even in the best of schools.

Frustrated and saddened by the provision available, the group got together with professionals in the field and set up their own organisation aiming to help children achieve their maximum potential and enjoy their years in school.

Legadel works uniquely as a three-way partnership between parents, schools and therapists. It helps children between the final term of Reception and the first term of Year 3. Waiting until the summer term of Reception allows all the children to settle into the new, more formal framework and also makes allowances for 'summer babies'. When a school picks up that a child is struggling, they will first contact the parents, and then, with their permission, refer the child to Legadel. Research has shown that the earlier an intervention takes place, the better the results – Legadel aims for children to be discharged after two terms of intervention. Sometimes three terms are necessary and sometimes a child will only need one term.

Legadel's experienced professional team assesses the child, in their own school and provides a personalised early intervention plan. This will typically be a 50 minute weekly

session with a therapist and the child's own keyworker, provided in the child's school. Parents are also welcome to attend the sessions, and there will always be close liaison with the school's special needs team. There are many advantages of providing therapy in school. For example, it reduces the amount of time which a child is away from the rest of their class, so that they do not miss too much regular schoolwork or time with their friends. There is no need for parents/carers to take time out of work to ferry children to and from appointments and or to wait with them – Legadel sessions are timetabled into a child's regular school day. It also makes the liaison between the therapist, the keyworker and the school much easier when therapists and key workers are in school regularly.

Currently Legadel provide six different types of therapy – speech and language, occupational therapy, kriah, literacy, physiotherapy and numeracy. Kriah, literacy and numeracy assistance are all provided by specialist teachers in these fields.

The keyworker, who is employed by Legadel, observes the therapist closely and takes notes, so that she can deliver two more 20-minute sessions in school, during the week, under the guidance of the therapist. This constant reinforcement, together with backup from parents or carers at home, means that the strategies used are very effective. Often a child who uses Legadel's services will be in a group in class supported by a learning support assistant (LSA) and they are also welcome to come to the therapy sessions so that they can see the best way to relate to and help the child.

Regular feedback meetings take place, attended by the therapist, keyworker, parent or carer, school SENCO and if possible teacher and/or rebbe. This enables a holistic approach, with everyone involved with the child engaging in the same process and working towards the same targets, which are clearly designated and shared. Once a term there is a review meeting when a Legadel representative goes into the school to monitor progress and receive feedback. In this way, the process is continually kept moving along, with the next targets set, or the decision to discharge the child made. The Legadel representative is most likely to be either Mrs Sharonie Melavsky, long-standing service manager, or Mrs Daniella Spector, deputy manager. Mrs Spector's is a recent appointment to enable Legadel to ensure that its high standards of quality-monitoring remain on track with its growth.

Sometimes all that is necessary is for a child to be shown a different way of learning – whether it's literacy, phonics or social and language skills. The specialist teachers employed by Legadel have a slightly different set of skills to a regular teacher and will be able to use them to determine what elicits the best response from the child, enabling them to maximise their potential. Each child receives a tailor made programme, especially designed for them and the combination of school, therapist and parent ensures that the impact is maximised.

A parent told Hamodia, "As parents of a child who is currently being assisted by Legadel we can't overstate how much our child has benefitted and will continue to benefit from their input. Working with a therapist and a key worker definitely makes the child reach their targets at a quicker pace. Our child is being helped by this wonderful, caring and unique

organisation for which we are eternally grateful."

Legadel is currently working in 10 schools around NW London, with over 100 children. In the last five years, they have helped over 400 children, beginning with around 25 in their first year. There are four further schools on the waiting list – Legadel would be only too happy to go into the schools and assist the children there, but cannot do so until they are sure that they have the funding and infrastructure to provide services to all the children in a school who need them." Their ultimate aim is that all the schools in NW London which ask for their help are able to receive it.

On 4th July, Legadel will be holding their annual fundraising event, at Kinloss, which provides an opportunity for the community to show their support for this life-changing organisation which has benefited so many children and their families.

Aryeh Melinek, chairman of Legadel, told Hamodia, "We are delighted that Rabbi Shais Taub is joining us at this year's Legadel Event. This gives the community a rare opportunity to ask and hear answers to those vital chinuch questions that are on so many of our minds.

"We look forward to seeing you all this year for what is set to be an inspiring, enjoyable and thought provoking evening."

# HIGHVOLTAGE

SYSTEMS&SERVICES

The High Voltage team are proud to support such a worthy cause and wish the children and the whole Legadel team every success in the delivery of this amazing programme.

We all hope that our combined efforts to think about others makes for a better world and will help provide fulfilling learning opportunities for the children.

To the children, we would like to say.....grab every opportunity to believe in what you can do; there are no barriers other than those we impose ourselves! Achievement and success will follow if you believe!

The High Voltage team provide services relating to gas, water and electricity. If you would normally get quotations from providers such as UK Power Networks, Cadent Gas or Thames Water (or other Utility Network Operators across the UK), we can deliver what you need with our highly experienced and dedicated team. Whatever your utility needs are, we can provide a cost effective and customer focused solution that helps you manage your business.

We work across the UK and cover developments and projects of all magnitudes.

For free friendly and unbiased advice, please do call us or get us involved with your projects; if you require a reference, please refer to Shlomo Pines or Meier Krauss @ S&S Quality Building Contractors and they will provide feedback on what we can do.
